

FANFANI

International Freight Forwarders Since 1886

Company Profile

Fanfani srl is active in the shipping business since 1886.

We started the business in Livorno acting as Agents for cargo and passenger Vessels and we have represented the major Shipping Companies trading between the Mediterranean ports and the rest of the world proposing as always more specialized and tailor made network of services offered by means of the growth of our activity in Italy and abroad.

Through companies operating mainly in the shipping and logistic industry the activity of Fanfani covers the entire requirements for international transport of all commodities kind and Ship's attendance at all Italian ports, offering sea and air freight forwarding, port operations, shore handling, Customs clearance, logistic services, road and rail transport and services as Shipping Agents for cargo, container, bulk , passenger and ro-ro Vessels.

From steam ship to post-panamax vessel, from porterages to container handlings, from transport with drawn carts to intermodal services, the tradition of Fanfani Group carries on today with the sole purpose to assist at best the movements of goods from Seller to Buyer.

Giorgio Fanfani, President of the member of the board, has been in the shipping business since the early fifties and has covered prestigious public appointments such as President of ASAMAR (Livorno Shipping Agents Association), President of FEDERAGENTI (Italian Shipping Agents Association), vice-President of FONASBA (World Shipping Agents Association), President of ITALIAN PORT USERS COMMITTEE, Honorary CONSUL OF DENMARK and member of the board of BANCA D'ITALIA.
