Information

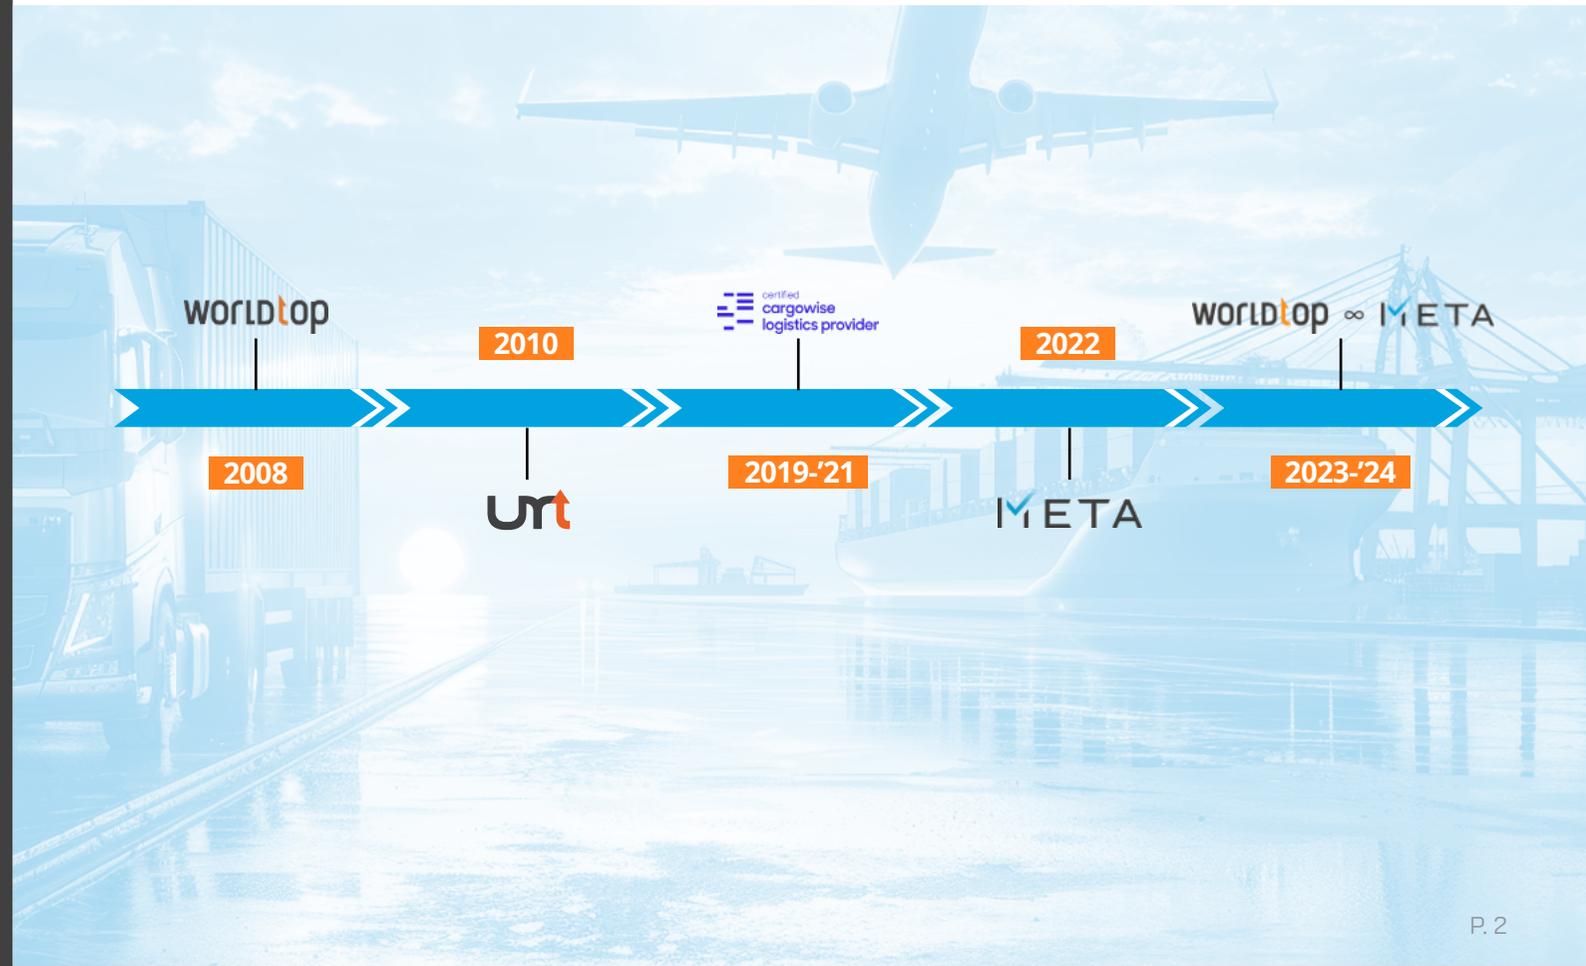

Worldtop & Meta is a logistics joint venture uniting two industry leaders:

Worldtop Overseas Logistics (est. 2008, Taipei) — specialists in air freight, dangerous goods handling, and global airline partnerships.

Meta Worldwide (est. 2022, Taipei & Shanghai) — innovators in sea freight, multimodal solutions, and digital logistics platforms with a strong ESG commitment.

Together, we deliver seamless, end-to-end logistics solutions that span air, ocean, land, and warehousing — enabling businesses to operate confidently across Asia, North America, and Europe.

From air freight leadership in 2008 to sea freight innovation in 2022 — uniting experience and agility for the future of logistics!

Our strength lies in combining:

Experience & Trust

Over 17 years of global freight expertise, recognized by major carriers including Cathay Dragon and China Airlines.

Innovation & Agility

Technology-driven visibility with CargoWise, instant cargo tracking, verified service providers, and smart carbon footprint reduction initiatives.

Global Reach

Serving 800+ customers in 50+ countries, with dedicated offices in Taipei, Shanghai, Guangzhou, and Southern California.

Measurable Impact

Handling 10,000+ TEUs (2022-'24) and 21,000+ tons of air freight (2021-'24), saving clients 300+ hours on average through optimized operations.

Our goal is to make international trade simpler, smarter, and more sustainable for every client.

Our Mission

Is to redefine global logistics with cutting-edge technology and exceptional customer service.

We deliver secure, efficient, and reliable solutions that keep businesses running smoothly across the globe. We don't just meet expectations — we exceed them

Our Vision

is to be the world's go-to logistics partner, recognized for integrity, innovation, and sustainability.

We set a new benchmark by making logistics simpler, smarter, and greener, empowering clients with end-to-end transparency and trust.

Core Values

- **Deliver Excellence** – Meeting and exceeding global standards with every shipment.
- **Think Globally** – Driving innovation and expanding reach across continents.
- **Simplify Supply Chains** – Making complex processes transparent and seamless.
- **Empower Talent** – Training professionals to compete on a global stage.
- **Customer Oriented** – Flexible solutions tailored to every client's needs.
- **Reliable Partner** – Building long-term trust through win-win cooperation.

“We don't just move goods — we move businesses forward.”

*End-to-end logistics solutions,
powered by experience and innovation*

Air Freight

- Fast and flexible solutions connecting global airports.
- Global airport transportation services
- Specialized handling of perishables, live animals, and dangerous goods (IATA certified)
- Sea-to-air multimodal solutions
- Off-site import/export and re-export services
- Real-time cargo tracking & analytics
- Verified service providers for trusted operations

Sea Freight

- Cost-effective and reliable global sea shipping.
- FCL and LCL services tailored to shipment size
- Special cargo & dangerous goods handling
- One-stop multimodal transport (ocean-air-land)
- Robust global supplier network
- Real-time cargo visibility

Transportation & Customs Clearance

- Seamless trade across borders with expert guidance.
- Global land freight options with door-to-door delivery
- Personalized delivery solutions
- Import/export and transshipment declaration handling
- Tariff cost reduction & compliance advisory
- Real-time monitoring and reporting

Warehousing

- Secure, flexible, and strategically located storage.
- Taiwan (Taoyuan, Kaohsiung): 24/7 security, bonded FTZ options, prime proximity to port & airport
- Southern California: 132,000 sq ft facility with real-time inventory tracking for eCommerce & retail (Amazon, Walmart, Costco, etc.)
- Advanced monitoring systems (CCTV, smoke detection, gated control)
- Packing, re-packing, and processing services
- Customs brokerage & cargo insurance support

Carbon Footprint Reduction

We actively measure, manage, and reduce carbon emissions across our operations, helping clients align with global sustainability goals.

ESG Commitment

Our strategies integrate environmental, social, and governance best practices — from green transport initiatives to transparent supplier partnerships.

Verified Service Provider Database

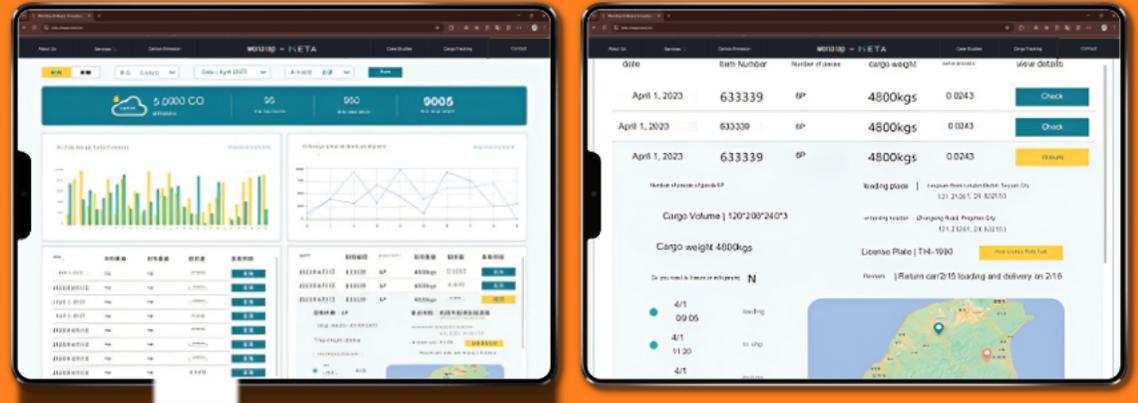

We provide access to a vetted network of manufacturers and logistics partners across multiple industries, ensuring reliability, compliance, and trust in global sourcing.

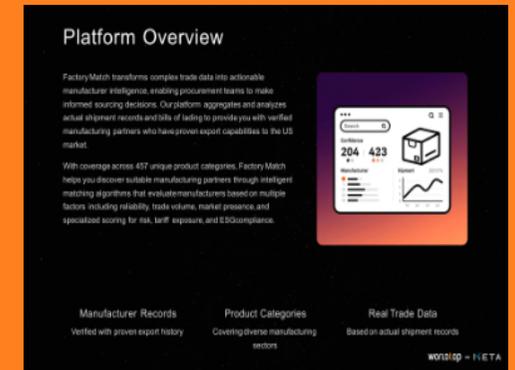

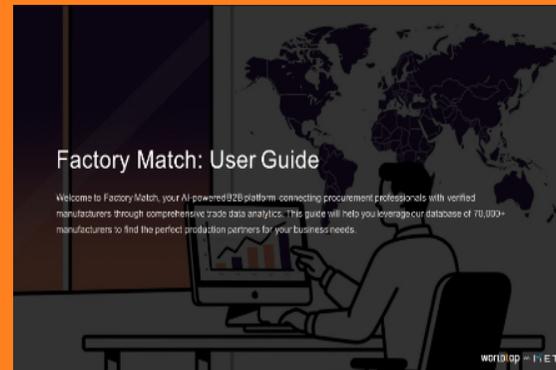

Continuous Improvement

Regular customer satisfaction surveys and in-depth dialogues drive our culture of listening, adapting, and delivering beyond expectations.

Innovation & Sustainability

Pre-emptive Troubleshooting

We go beyond reaction — anticipating risks and preventing disruptions through proactive monitoring, precision planning, and agile response.

Special Cargo Handling

From OOG (Out-of-Gauge) to oversized and project cargo, we provide tailored transport solutions — backed by specialized equipment, trained teams, and safety-first supervision.

Digital Logistics Platform

Our integration of CargoWise delivers real-time cargo tracking, cloud-based visibility, and advanced data analytics, giving clients full control over their shipments.

Dangerous Goods Expertise

Certified by IATA, our teams specialize in the safe and compliant handling of lithium-ion batteries and hazardous materials, with full documentation, packaging, and carrier approvals.

Operational Strength

End-to-end logistics solutions, powered by experience and innovation.

Brand Guide

Innovation Meets Expertise

We unite over 15 years of air freight leadership with modern sea freight innovation. From real-time tracking to secure warehousing and a verified supplier network, we deliver transparency and reliability at every step.

A Global Network You Can Trust

With a strong presence in Asia, North America, and Europe, we provide tailored, cost-effective air and sea solutions, connecting businesses seamlessly across continents.

Proactive Problem-Solving

We don't just react to issues — we anticipate and prevent them. Through continuous monitoring and precision management, we give clients the ultimate peace of mind.

Data-Driven Logistics

Powered by CargoWise integration and advanced analytics, we streamline trade, anticipate risks, and provide real-time insights that empower smarter business decisions.

Customer-Centric Approach

Every solution we design is flexible, efficient, and tailored to our clients' unique needs. We don't just move cargo — we help businesses grow.

A Brand That Reflects Our Values

We invest in more than operations — we invest in how clients experience us. Our modern identity, digital platforms, and consistent communications reflect our values of clarity, trust, and innovation, ensuring a professional partnership worldwide.
